Art nr: 967 89 73-01

LH 804 is our most powerful compactor. It is fully hydraulic and has the power and capacity to effectively handle compaction of medium to thick layers of granular soil – from sand to rock fill. LH 804 is remote controlled, which allows the operator to stay at a distance from noise, diesel fumes and vibrations. It comes equipped with a Hatz 1D90V diesel engine and features a service friendly design and sturdy protective frame.
